

Student Behavior Policy

It is the goal of our program to ensure a safe, nurturing, and stimulating environment for young children. We know that all children are different and strive to meet the individual needs of each and every child enrolled in our school. We feel strongly that it is a team effort between our staff, and you, as parents, and will keep you informed about your child's behavior during school hours. If we feel that your child is having difficulty in any area (behavior, keeping up with the daily routine, etc.), we will let you know immediately and make efforts to assist each child. **We reserve the right to send children home when we feel they are not acting in a safe or healthy manner and are not making an effort to change their behavior.**

At times it may become necessary to remove a child from our program. Making sure that our school is safe for all children is crucial. Please understand that not all children are ready for group care and each child learns/behaves within their own limitations and experiences. If there is a recurring problem, such as biting or hitting, your child's teacher will first ask for a conference with you to discuss and find solutions to the problem. If it continues, another conference will be held with you, your child's teacher and the preschool Director. After a third time, you will be asked to keep your child at home, until such time as the problem is resolved. No credit will be given when this occurs. We reserve the right to expel children from the program any time we feel it is necessary. All parents will be required to sign a "Student Behavior Agreement" before they begin classes.

I understand the Student Behavior Policy for my child/ren.
